

THE COLLEGE SONG

Lift up your voice and sing
Across the campus clear;
Let the name Hillview ring
From classrooms year by year;
We'll strive with might to serve the
world
With deeds of love, with flags unfurl'd.

Our Flag, maroon and gold,
It floats on high serene;
A banner and stronghold,
An inspiration keen;
All things concerning human ken
Are ours to champion, Hillview Men.

Three Humming Birds in flight
Over the mountain peaks
Fan out the pages bright
Of knowledge each one seeks;
And for the world this message hum:
Humani Nihil Alienum.

To us to study here,
Hillview will always be
Our Alma Mater dear,
Beloved from sea to sea;
And from these hills inspired true,
We'll face the world with visions new.
